Q:

Since we must migrate to windows 7, I have to ask you if your softwares/drivers are compatible with win7. To ensure more compatibility we'll migrate the computer driving our robotic system to win 7 (32 bits).

A:

- Could you confirm to us (me and Jorge) that the program starting at the beginning (storex TCPIP server) is compatible win win 7 ?
- Do we have to download a new version ? if yes can you send us the direct download link
